

K-Love is broadcast in my local community via a FM translator. I depend on K-Love for family-safe entertainment. I know that the broadcasting on K-love is safe for my children to listen to anytime. If we were to loose our K-Love station(s) then it would cause a degree of isolation, because due to lack of decency on most radio and TV stations we would not be listening. Most of my children's friends listen to K-Love, so I know that there are a lot of people in my community that depend on K-Love. K-Love offers encouragement and uplifting programming that benefit our communities by changing people's lives for the better. I depend on their news broadcasts. And they are the only station that announces Christian events/concerts in our area.
